

REMARKS/ARGUMENTS

Claims 1-3, 6, 7, 9-10, and 21-24, and 27-35 are now pending. Following a conversation with Examiner Vicki Kim, Applicants have amended claim 1 and cancelled claims 4, 5, 25, and 26, without prejudice and as suggested by the Examiner, in order to place the present application in condition for allowance. Applicants reserve the right to file a continuation/divisional application on the subject matter of the present invention covered by claims 1, 4, 5, 25, and 26 as originally filed. Support for this amendment to claim 1 can be found throughout the specification and claims, e.g., page 2, lines 1-3, page 6, line 14-22, and page 8, line 35 through page 9, line 2. Applicants have added new claims 32-35. Support for such new claims can be found throughout the specification and claims, e.g., original claims 7, 9 and page 4, line 15. Accordingly, no issues of new matter are believed to have been raised by the above amendments.

In view of the foregoing amendments and remarks, Applicants submit that the application is in condition for allowance. Accordingly, Applicants respectfully request allowance of the pending claims.

Respectfully submitted,

DRAFT
